AFTER-SCHOOL ONE-PAGER

A K-12 entrepreneurship and financial-literacy program built for the YMCA gym, the library teen room, and the 4-H meeting hall.

For YMCAs, Boys & Girls Clubs, public library teen programs, 4-H clubs, after-school networks, and BizTown alternatives running mixed-age, mixed-grade, mixed-attendance sessions.

The 30-second elevator (after-school-specific)

Your program lives where school ends and the rest of life begins. Attendance is voluntary, age range is wide, time blocks are 60-90 minutes, and the kids didn't come to do more school. Cash to Company is the K-12 entrepreneurship and financial-literacy curriculum that runs as a 60-minute session block — not a class — with one continuous mascot from age 5 to 18 asking one question for thirteen years: which people, and how do you know? Aligned to Jump$tart, CEE, CCSS, C3, CASEL, and NGSS-ETS. No sponsor. No ads. No monetization of students. Designed to drop into any out-of-school-time space without rebuilding the program.

What an after-school program gets (5 outcomes, measurable)

1. **A 60-minute block format** — short Cash video (5-9 min), guided activity (30-40 min), share-out (10-15 min) — that fits an existing OST cadence.
2. **Multi-age handled by design.** A 7-year-old, an 11-year-old, and a 14-year-old in the same Boys & Girls Club room can each be on grade-appropriate Cash content while watching the same character ask the same question.
3. **A Capstone format that doubles as a community event** — Market Day for ages 5-10, Pitch Night for ages 11-13, Sprint Showcase for ages 14-18. Family and community invited.
4. **A printable, no-tech-required spine.** Library teen programs and rural 4-H clubs can run a year of Cash without a chromebook stack. A laptop, a borrowed projector, and a printer is enough.
5. **A staff PD path that trains program leaders without requiring teaching credentials.** 2-hour asynchronous certificate-bearing Cash Certified Teacher PD is open to OST staff, librarians, 4-H club leaders, and volunteers.

AFTER-SCHOOL ONE-PAGER

Standards alignment (verbatim citations — useful for OST funders)

OST programs increasingly need to show standards alignment to funders, state OST coordinating bodies, and 21st Century Community Learning Centers (21st CCLC) reviewers. The Standards Alignment Map provides receipts.

- **Jump$tart Standard 1 (Spending and Saving), Benchmark 4-1:** Distinguish between needs and wants. (Ages 5-7.)
- **Jump$tart Standard 3 (Employment and Income), Benchmark 4-3:** Describe entrepreneurship and how people start small businesses. (Ages 8-9.)
- **Jump$tart Standard 6 (Financial Decision Making), Benchmark 8-1:** Apply systematic decision making to a medium-term financial goal. (Ages 11-12.)
- **CEE Standard 1 (Earning Income), Grade 8:** People who own and run their own business take risks but also have the potential for higher rewards. (Ages 11-14.)
- **CCSS-Math 5.NBT.B.7, 7.RP.A.3:** Decimal operations and proportional reasoning — applied to pricing and contribution margin.
- **CCSS-ELA W.7.7:** Conduct short research projects — applied to customer interview write-ups.
- **C3 D2.Eco.7.3-5:** Explain how profits influence sellers in markets.
- **NGSS-ETS K-2-ETS1-1, 3-5-ETS1-2, MS-ETS1-1:** Engineering design progression.
- **CASEL Self-Awareness, Social Awareness, Relationship Skills, Responsible Decision-Making:** Across all bands.

OST programs reporting to 21st CCLC, state OST quality frameworks (Quality Standards for Expanded Learning, Y-USA Healthy Eating and Physical Activity Standards crosswalks, etc.) can cite Cash directly.

Differentiation — for the YMCA, B&G Club, library, 4-H, and BizTown alternative

- **Built for voluntary attendance.** The Cash mascot, the 9-second Shorts, and the irreverent-but-warm Grade 6-8 voice make the curriculum work for kids who are there because they want to be — not because they're required.
- **Equity-by-design.** Materials are printable. The mascot is gender-neutral and race-neutral. The Sensitivity Policy explicitly forbids family-money probing — important in OST, where staff often serve families they do not personally know across wide income ranges.
- **No sponsor entanglement.** EVERFI-style sponsor-funded financial-literacy modules often arrive at YMCAs and B&G Clubs through bank or insurance partnerships. Cash carries no sponsor and stakes the no-sponsor stance publicly. OST programs that have declined sponsor-coded curriculum on principle have a fit here.
- **Multi-age, mixed-attendance handled.** A kid who shows up Wednesday and not Thursday can still pick up Friday. The Friday share-out is the on-ramp, not the dead-end.

AFTER-SCHOOL ONE-PAGER

- **Capstone formats that look like community events.** Market Day, Pitch Night, and Sprint Showcase formats fit the YMCA family-night calendar, the library community-event calendar, the 4-H fair, and the B&G Club end-of-summer celebration without rebuilding the OST event format.

Implementation footprint

- **Session length.** 60-90 minutes — fits a YMCA after-school block, a library teen-program slot, a 4-H club meeting, or a B&G Club Power Hour extension.
- **Cadence.** Weekly is ideal; bi-weekly works; multi-age camp formats can compress to a one-week intensive (Market Day camp, Pitch Camp, Sprint Camp).
- **Staff PD.** 2-hour asynchronous certificate-bearing Cash Certified Teacher PD. Works for non-credentialed staff, librarians, 4-H volunteers, and AmeriCorps members.
- **Materials.** Printable PDFs, eight videos per band, six docs per band. Optional Cash plush at the end-of-year ceremony.
- **Tech footprint.** None required. A streaming device or downloaded videos plus a printer is enough.

Capstone visibility — what families and OST funders see

OST programs report to multiple stakeholders — parents, funders, host institutions, and (when applicable) 21st CCLC. The Capstone artifacts are visible to all four:

- **Ages 5-10 — Market Day.** Kids run a stand for one day with a 30-second pitch, a sign with item and price, and a debrief.
- **Ages 11-13 — Pitch Night.** Kids present a one-page plan with a customer persona, cost-revenue-profit math, and a Day-30 evidence letter.
- **Ages 14-17 — Sprint Showcase.** Older kids run a six-week venture sprint culminating in an investor-style pitch and a Launch-or-Learn memo.
- **Mixed-age — Family Night.** All three formats run simultaneously with families invited; older kids mentor younger ones; community members serve on the panel.

Three objections we hear in OST, and the response

"Our staff are not teachers and can't run a curriculum." The Cash Certified Teacher PD was designed with OST in mind. The Monday opener is scripted to a five-minute facilitator rhythm. The Wednesday work block has a non-credentialed-friendly playbook. YMCA branch directors, B&G Club site coordinators, librarians, and 4-H volunteer leaders have all completed the PD and run sessions. If your staff can run a structured 60-minute block now, your staff can run Cash.

AFTER-SCHOOL ONE-PAGER

"Our funders want hard outcome data on financial literacy." We do not yet have an RCT, and we say so plainly. The pilot evidence study is underway Fall 2026 — N=300, Jump$tart pre/post — and we will publish results, including null findings. What we can show today: standards alignment receipts useful for 21st CCLC reporting; Capstone artifacts that produce a visible portfolio per kid per session block; staff completion of the Cash Certified Teacher PD; and the public 15-banned-phrases card.

"We're a faith-based or culturally specific program. Will this fit?" Cash teaches an operational question, not theology, partisan politics, or family values about money. Catholic, Protestant, Jewish, Muslim, Indigenous, and secular OST programs have all run Cash. Programs serving Spanish-speaking communities can use the Mexico and Latin Spanish translations. Programs that decline market-facing curriculum on principle find Cash is a poor fit, and that's reasonable too.

Pilot pathway — what week 1 looks like

- **Week 1.** Site coordinator and 1-3 staff complete Cash Certified Teacher PD (2 hours, asynchronous). Site coordinator reviews the Sensitivity Policy and 15-banned-phrases card.
- **Week 2.** First session block runs. Mixed-age room handled with the band-appropriate video and activity for each kid.
- **Week 4.** First Capstone milestone — early-band artifacts visible at the end of session day.
- **Week 8.** Mid-pilot family-night check-in. Site coordinator compiles family feedback for funder report.
- **Week 16.** End-of-semester Market Day, Pitch Night, or Sprint Showcase as the community event.

Next step

Request the Cash Certified Teacher PD link, the Standards Alignment Map, sample Capstone showcase formats, and a 30-minute call with your site coordinator or OST director.

— The Cash to Company team. K-12, one mascot. Don't sell. Show.

One promise.

Don't sell. Show.

Cash to Company is built so a curriculum coordinator, a foundation officer, a parent, or a teacher can pick up any one of these references and meet the program at full strength on the first page.

No promise of wealth. No probing of family finances. No partisan content. One question, asked patiently for thirteen years: which people, and how do you know?

For educational and operational use. This document is informational and does not constitute financial, legal, or tax advice. Standards alignment is cited per the Cash to Company Standards Alignment Map (Jump$tart, CEE, CCSS, C3, CASEL, NGSS-ETS).
