Document type. State standards crosswalk, Tier-1 launch state. **Authoring lens.** Senior K-12 standards-alignment specialist (15+ years; Illinois Learning Standards, IL Social Science Standards, ISBE adoption practices, CTE programs of study). **Pairs with.** `00_Standards_Alignment_Map.md`.

1. State context — financial literacy and entrepreneurship in Illinois

Illinois (1.85M+ students) made the financial-literacy graduation requirement official in 2023, joining a growing tier of states with explicit mandates.

Graduation requirement (high school).

- **PA 102-0467** (signed August 2021) requires every public high school in Illinois to offer **Consumer Education**, with students completing the requirement either through a stand-alone course OR by demonstrating proficiency. (Source: 105 ILCS 5/27-12.1.)
- **PA 103-0036** (signed July 2023) **expanded** the requirement: beginning with students entering Grade 9 in 2024-25, high schools must include **Financial Literacy** as a discrete unit within Consumer Education or as its own course. (Source: 105 ILCS 5/27-12.1, as amended; ISBE implementation memo 2024.)
- The graduation requirement is **course-level, not unit-level** — a Consumer Ed course must be passed (or proficiency demonstrated). It is **0.5 credit minimum**.

Elementary and middle school.

- **Illinois Learning Standards for Math and ELA** (2010, IL-CCSS) are nearly identical to national CCSS — Illinois never formally exited Common Core.
- **Illinois Social Science Standards** (revised 2016, full implementation 2017-18) are organized under the C3 Framework. Economics standards (SS.EC.x) appear at every grade band and are unusually well-developed in Illinois compared to peer states.
- **NGSS** adopted in Illinois 2014.

Mandate year. PA 102-0467 effective 2022-23; PA 103-0036 financial literacy expansion 2024-25; first full graduation cohort 2027-28.

2. Adoption notes

- Illinois is a **fully local-adoption state**. ISBE publishes standards and guidance; districts choose textbooks and supplemental materials. No state-approved list.
- **Adoption cycle.** Driven by district replacement schedules. Largest districts: Chicago Public Schools (CPS, 320K students), District 214 (Township High School District, suburban), Indian Prairie 204, Plainfield 202, Rockford 205.

- **CPS specifically:** Chicago has its own curriculum review process via the Office of Teaching & Learning (OTL). CPS adopted **Skyline curriculum** (CPS-developed) for K-12 ELA and Math; supplemental programs review on a case-by-case basis through the **Curriculum Approval process**. CTE and Career Pathways are managed separately under CPS Office of Education Innovation.
- **Decision-makers.** District curriculum directors, regional offices of education (38 ROEs), CPS Network Chiefs.
- **Illinois Council on Economic Education (ICEE)** is the relationship door for C2C — they run teacher PD and influence district adoptions.

3. Per-grade alignment matrix

Codes verified against the ISBE Illinois Social Science Standards document (2016) and Illinois Learning Standards for Mathematics (IL-CCSS). Where alignment is interpretive, marked **[VERIFY]**.

4. Bonus alignments

- **CTE pathway.** Illinois CTE includes **Business, Marketing & Management** cluster with Programs of Study in **Entrepreneurship**, **Marketing**, **Business Administration**, **Finance**. C2C HS maps to all four. Each Program of Study has 4 sequenced courses; C2C 9-12 spans 3-4 of them depending on configuration.
- **AP/IB.** AP Microeconomics, AP Macroeconomics, IB Business Management. C2C is foundational.
- **Dual credit.** Illinois has **Dual Credit Quality Act (110 ILCS 27)** governing high-school dual-credit. Strong articulation possible with **City Colleges of Chicago, College of DuPage, Harper College, Triton College**. C2C Grade 11-12 aligns with **BUS 111 (Intro to Business)** and **BUS 211 (Entrepreneurship)** at most ICCB-approved courses. **Opportunity:** statewide articulation through Illinois Community College Board.
- **Postsecondary and Workforce Readiness Act (PWR Act, PA 99-0674):** Illinois schools can award **College and Career Pathway Endorsements**. C2C HS supports **Finance + Business Services Endorsement**. **Strong angle for districts.**
- **Seal of Civic Engagement** (PA 102-0697): NY-style civic seal. Capstone ventures with community-impact qualify.

5. Title-I and equity considerations

- Illinois Title-I, Part A allocation ~$700M annually. C2C qualifies as supplemental.
- **EL.** Illinois has 250K+ ELs (~13% of K-12). **Spanish dominant**, with significant **Polish, Mandarin, Arabic, Urdu** populations in Chicago suburbs. C2C `_ES` Spanish-language track is critical; pursue partnerships with **CPS Office of Language and Cultural Education (OLCE)**.
- **MTSS.** Illinois moved to MTSS framework with ESSA (2017). C2C tier-2 supports work; need IEP/504 mod notes.
- **Special populations. Inclusive curriculum mandates** — Illinois requires history of LGBTQ+ contributions (PA 101-0227) and Native American history (PA 102-0411). C2C is silent on these; pair with mandated materials.
- **Equity Frameworks for Districts:** ISBE pushes equity-focused MTSS and SEL. C2C's CASEL alignment + sensitivity-first design supports this.
- **Chicago specifically.** CPS has aggressive **Equity Framework** and **Cradle-to-Career** initiatives. C2C's anti-hustle, no-family-finance-probing design is a positioning advantage.

6. Honest gaps

- **Inclusive curriculum requirements (LGBTQ+, Native American history):** C2C does not address; pair with state-required materials. **Honest gap to disclose.**
- **Consumer Education statutory specifics (105 ILCS 5/27-12.1):** The statute requires Consumer Ed to cover specific topics: "installment purchasing, budgeting, sources of credit, comparison

shopping, savings, banking, taxation, insurance, ... estate planning, and ... renting and home ownership." C2C HS covers ~7 of 12 topics directly; **estate planning, home ownership, and insurance** are gaps. Teachers will need to supplement.

- **NGSS integration:** Illinois adopted NGSS; C2C aligns at Grades 2, 4, 7-9 (engineering design) but is not a science curriculum.
- **State assessment alignment (IAR, SAT):** Illinois uses IAR (Math/ELA) and SAT for HS. No state assessment in PFL. Good for C2C (no test-prep distortion) but limits sales angle.

7. Senior verdict — Illinois as a launch state

Strong fit. PA 103-0036 (financial literacy 2024-25) + ICEE relationship + ISBE Social Science Standards explicit FL strand + CTE Programs of Study + College Career Pathway Endorsements = strong adoption environment.

Implementation recommendation. Lead with **CPS** (use CTE/Career Pathways door, not core curriculum door), **District 214**, and a downstate cluster (Springfield, Peoria, Champaign). Partner with **ICEE for teacher PD** as the relationship anchor.

Leverage move. Position C2C as the **PWR Act College and Career Pathway Endorsement track** for Finance + Business Services. This unlocks ESSA accountability points for districts and signals quality to families.

> **RISK**
> CPS adoption cycles are slow and politically sensitive; downstate districts move faster but have less student volume. The Consumer Ed statute's 12-topic list means C2C alone won't satisfy graduation — be explicit it's an "anchor + supplement" relationship.

One promise.

Standards-rigorous. District-defensible. Illinois-specific.

Cash to Company is built so a curriculum coordinator, a district adoption committee, or a state DOE reviewer can pick up this state crosswalk and confirm alignment grade by grade, code by code.

Where alignment is genuine, we cite verbatim. Where it is interpretive, we mark [VERIFY]. Where C2C does not meet a standard, we name the gap honestly. That is the only way a crosswalk earns trust at adoption committee.

For educational and operational use. This document is informational and does not constitute legal, tax, or compliance advice. State standards alignment is cited per the relevant state DOE official publications, current as of April 2026. Districts should verify current standards editions before adoption.
