Document type. State standards crosswalk, Tier-1 launch state. **Authoring lens.** Senior K-12 standards-alignment specialist (15+ years; PA Academic Standards, PA Career Education and Work Standards, PDE adoption practices). **Pairs with.** `00_Standards_Alignment_Map.md`.

1. State context — financial literacy and entrepreneurship in Pennsylvania

Pennsylvania (1.65M+ students) made personal finance a **graduation requirement** with **Act 35 of 2023** — joining the wave of states with explicit mandates.

Graduation requirement (high school).

- **Act 35 of 2023** (P.L. 32, No. 35) requires every public high school in Pennsylvania to provide **at least one course of study in personal financial literacy** for students entering Grade 9 in 2024-25 or later. Students must complete **0.5 credit minimum** to graduate. (Source: 24 P.S. §15-1551, as enacted.)
- The course aligns to the **PA Academic Standards for Career Education and Work** (Standards 13.1, 13.2, 13.3) and **PA Academic Standards for Economics** (Standards 6.1, 6.2, 6.3, 6.4, 6.5).
- **First mandatory graduation cohort = class of 2027-28.**

Elementary and middle school.

- **PA Core Standards for Math and ELA** (2014, formal adoption replaced PA Academic Standards) are CCSS-aligned with PA-specific revisions. C2C's CCSS alignment carries over.
- **PA Academic Standards for Career Education and Work (CEW)** (Chapter 4 of 22 PA Code) are unusually strong K-12 — they explicitly include **entrepreneurship** as an integrated strand at every grade band. PA's CEW standards are among the most entrepreneurship-friendly in the nation.
- **PA Academic Standards for Economics** (also Chapter 4, Standard Area 6) include personal-finance content K-12.

Mandate year. Act 35 effective 2024-25; first graduating cohort 2027-28.

2. Adoption notes

- Pennsylvania is a **fully local-adoption state**. PDE (Pennsylvania Department of Education) publishes standards and guidance; districts adopt textbooks and supplemental materials.
- **Adoption cycle.** Driven by district replacement schedules. Largest districts: Philadelphia (118K students), Pittsburgh, Reading, Allentown, Erie. Plus 500+ other districts with smaller enrollments — PA is unusually fragmented at 500+ school districts.
- **PA has 29 Intermediate Units (IUs)** that provide regional curriculum support and PD. IUs are a critical adoption channel — they pre-screen materials and recommend to member districts.

- **Decision-makers.** District superintendents, curriculum directors, IU executive directors, charter-school CEOs (PA has 180+ charter schools).
- **PA's commercial education ecosystem:** PA hosts strong relationships between K-12 and Pennsylvania Society for Public Administration's economic-education arms. **PA Council on Economic Education (PCEE)** and **University of Pittsburgh's Center for Economic Education** are key relationship doors.

4. Bonus alignments

- **CTE pathway.** Pennsylvania has 84 PDE-approved CTE programs of study. C2C HS aligns directly with **Business, Finance, and Information Technology** career cluster — specifically **Business Management & Administration** (program code 0510), **Marketing** (code 0520), **Finance** (code 0540). PDE requires NOCTI assessments at program completion.
- **AP/IB.** AP Microeconomics, AP Macroeconomics, IB Business Management.
- **Dual credit.** PA's **PA Dual Enrollment Program (Article XV-G of School Code)** and partnerships with PA State System of Higher Education (PASSHE), Penn State, Temple, Pitt. C2C Grade 11-12

maps to **BUS 100 (Intro to Business)** and **MGMT 200 (Entrepreneurship)** at most state-affiliated CC's. **Strong opportunity** with **Community College of Philadelphia** and **Community College of Allegheny County (CCAC)**.

- **Career and Technical Center (CTC) integration:** PA has 60+ shared-time CTCs serving multiple districts. CTCs adopt curriculum independently and can be a fast-pilot channel for C2C HS Entrepreneurship pathway.
- **Pennsylvania Career Ready Skills (CRS):** PDE's K-12 employability skills framework. C2C CASEL alignment + LTO/ESL strands map directly to CRS competencies.

5. Title-I and equity considerations

- PA Title-I, Part A allocation ~$650M annually. C2C qualifies as supplemental.
- **EL.** PA has 80K+ ELs (~5% of K-12). **Spanish dominant** in Reading, Allentown, Lancaster, Hazleton, North Philly. Significant **Arabic, Mandarin, Bengali** populations in Philadelphia. C2C `_ES` Spanish-language track is critical for these districts.
- **MTSS.** PA uses MTSS framework. C2C tier-2 supports work; need IEP/504 mod notes.
- **Special populations.** PA's Chapter 14 (special education regulations) and Chapter 15 (504 protections) are explicit. C2C lesson plans need accessibility annotations.
- **Charter school market.** PA has 180+ brick-and-mortar charters + 14 cyber charters. Cyber charters (Commonwealth Charter Academy, PA Cyber, Insight PA Cyber) have **outsized** influence — they buy curriculum centrally and reach 50K+ students each. **Major leverage opportunity** for C2C: cyber charters need engaging, video-led content; C2C's Cash mascot videos are a fit.
- **Pennsylvania Department of Education's Future Ready PA Index** scores schools on College and Career Readiness. C2C HS contributes to multiple indicators.

6. Honest gaps

- **PA CEW Standards specificity:** The CEW Standards (13.1-13.4) are organized by grade band (K-3, 4-5, 6-8, 9-11) rather than per-grade. Crosswalk above maps to the band code where exact-grade is unavailable. Districts may want per-grade re-mapping.
- **PA Core Standards "CC.x.x.x.x" coding:** PA uses unique CC.x.x.x.x notation different from CCSS direct codes. Crosswalk includes both formats where relevant; districts using PA Core LDs (Learning Descriptors) for assessment may want a fully-PA-coded version.
- **Local control means inconsistency:** With 500+ districts and 60+ CTCs, "PA-aligned" doesn't guarantee adoption. Regional IU partnerships are the leverage point.
- **Keystone Exams:** PA uses Keystone Exams in Algebra I, Biology, Literature for graduation. **No** Keystone in PFL or Econ. Good for C2C (no test-prep distortion).

- **Holocaust, genocide, and human rights education (Act 70 of 2014):** PA recommends but doesn't require. Not directly relevant to C2C but flagged for compliance-aware districts.

7. Senior verdict — Pennsylvania as a launch state

Strong fit. Act 35 (2024-25) graduation mandate + PA CEW Standards explicit entrepreneurship strand K-12 + 60+ CTCs + 14 cyber charters + Future Ready PA Index = strong adoption infrastructure.

Implementation recommendation. PA's fragmentation is a feature for C2C: target three channels in parallel:

1. **Cyber charter networks** (PA Cyber Charter, Commonwealth Charter Academy) — fastest, video-friendly, high-volume.
2. **Career and Technical Centers (CTCs)** — fastest CTE adoption path; bypass core curriculum.
3. **Intermediate Units** (e.g., Pittsburgh's IU3, Philly's IU26, Allegheny IU3) — relationship door to multiple districts.

Leverage move. Position C2C as a **Future Ready PA Index points generator** for College & Career Readiness indicators. Tie to PA CEW + Act 35 compliance. Partner with **PCEE** for teacher PD relationship.

> **RISK**
> PA's 500-district fragmentation means high sales friction per dollar. Without IU-level partnerships, C2C will spend years per district. Cyber charters and CTCs are the most efficient path — focus there.

One promise.

Standards-rigorous. District-defensible. Pennsylvania-specific.

Cash to Company is built so a curriculum coordinator, a district adoption committee, or a state DOE reviewer can pick up this state crosswalk and confirm alignment grade by grade, code by code.

Where alignment is genuine, we cite verbatim. Where it is interpretive, we mark [VERIFY]. Where C2C does not meet a standard, we name the gap honestly. That is the only way a crosswalk earns trust at adoption committee.

For educational and operational use. This document is informational and does not constitute legal, tax, or compliance advice. State standards alignment is cited per the relevant state DOE official publications, current as of April 2026. Districts should verify current standards editions before adoption.
