Document type. State standards crosswalk, Tier-1 launch state. **Authoring lens.** Senior K-12 standards-alignment specialist (15+ years; Georgia Standards of Excellence, Georgia K-12 Personal Finance Standards, GaDOE adoption practices). **Pairs with.** `00_Standards_Alignment_Map.md`.

1. State context — financial literacy and entrepreneurship in Georgia

Georgia (1.75M+ students) requires personal finance for graduation and has the most established **dedicated HS personal finance/economics course** infrastructure in the Southeast.

Graduation requirement (high school).

- Georgia requires **Economics (½ credit)** for graduation, with personal-finance content embedded. The course code is **45.061 — Economics/Business/Free Enterprise** under the Georgia Standards of Excellence (GSE) Social Studies. (Source: Georgia Code §20-2-142 + State Board of Education Rule 160-4-2-.48.)
- **HB 681 (2023)** — passed but **delayed implementation** — would require a separate **half-credit Personal Financial Literacy** course in addition to Economics. As of April 2026, **HB 681 has been amended into a "school may offer" option**, not yet a strict graduation mandate. **[VERIFY] current statutory status.**
- The longstanding **Economics course** at Grade 12 (typical year of placement) covers personal finance per the GSE Economics standards (SSEPF1-7).

Elementary and middle school.

- **Georgia Standards of Excellence (GSE) for Math** (adopted 2015, revised 2021 to "Georgia's K-12 Mathematics Standards") and **GSE for ELA** (adopted 2015) — Common Core-aligned with GA-specific revisions.
- **GSE for Social Studies** (adopted 2016, revised 2017) include economics standards K-12 with explicit personal-finance benchmarks (e.g., **SS3E2** "describe the four types of productive resources").

Mandate year. Economics requirement: longstanding (pre-2000). HB 681 status pending.

2. Adoption notes

- Georgia is a **state-recommended-list state** for K-12 instructional materials via the **Georgia Department of Education (GaDOE) Textbook and Instructional Materials Approval** process. Districts may adopt off-list materials for supplemental use.
- **Adoption cycle.** Social Studies adoption every 6-7 years; current cycle Social Studies 2024-25 (revised standards). Math adoption 2022-23 (revised standards). ELA adoption 2025-26.

- **Decision-makers.** District superintendents, curriculum directors. Largest districts: **Gwinnett County (180K students)**, Cobb County (110K), DeKalb County (95K), Fulton County (90K), Atlanta Public Schools (50K).
- **Georgia's 16 RESAs (Regional Educational Service Agencies)** are critical curriculum-distribution channels.
- **Georgia Council on Economic Education (GCEE)** is the relationship door — they manage **InvestWriteGA** and **EconomicsAmerica Georgia** PD programs.

3. Per-grade alignment matrix

Codes verified against GaDOE GSE Social Studies (2017 revision), GSE Math (2021 revision), GSE ELA (2015), and Georgia Performance Standards (where still active for some courses). Where alignment is interpretive, marked **[VERIFY]**.

LRCI	Launch-or-Learn	**ELAGSE11-12W7** + capstone	

4. Bonus alignments

- **CTAE pathway (Career, Technical, and Agricultural Education).** Georgia's CTAE includes **Marketing & Entrepreneurship**, **Business Management & Administration**, **Finance** clusters. Each pathway has 3 sequenced courses + an end-of-pathway assessment. C2C HS aligns directly with all three. **GaDOE CTAE Career Cluster code** for Marketing & Entrepreneurship: 27 — Marketing.
- **AP/IB.** AP Microeconomics, AP Macroeconomics, IB Business Management. C2C foundational, not replacement.
- **Dual enrollment.** Georgia's **Move On When Ready (MOWR) Dual Enrollment Program** — partnerships with University System of Georgia (USG) and Technical College System of Georgia

(TCSG). C2C Grade 11-12 aligns with **BUSA 1100 (Intro to Business)** and **MARK 1100 (Marketing Principles)** at TCSG. **Strong opportunity** for articulation through TCSG.

- **Georgia Pathway Endorsement:** GaDOE awards Pathway Completion seals on diplomas for students who complete a CTAE program. C2C HS supports Marketing & Entrepreneurship pathway completion.
- **HOPE Scholarship readiness:** Georgia's HOPE Scholarship requires GPA + course rigor. C2C HS is academically rigorous and supports HOPE eligibility.

5. Title-I and equity considerations

- Georgia Title-I, Part A allocation ~$700M annually. C2C qualifies as supplemental.
- **EL.** Georgia has 130K+ ELs (~7% of K-12). **Spanish dominant**, with significant **Vietnamese, Korean, Mandarin** populations in Gwinnett County (largest district). C2C `_ES` Spanish-language track is critical for Atlanta Metro.
- **MTSS.** Georgia uses MTSS framework. C2C tier-2 supports work; need IEP/504 mod notes.
- **Special populations.** Georgia's Special Education compliance (Rule 160-4-7) requires explicit IEP modifications. **Gap.**
- **Georgia's Equity Frameworks:** Less aggressive than CA/IL but improving. C2C's neutral/anti-hustle posture is a positioning strength.
- **Charter/state charter market.** Georgia has 100+ state and locally-approved charters. **State Charter Schools Commission (SCSC)** charters adopt curriculum centrally — fast-pilot opportunity.

6. Honest gaps

- **HB 681 status:** As of April 2026, the strict mandate for separate Personal Financial Literacy course has been amended/delayed. Marketing materials should NOT claim "satisfies Georgia's PFL graduation requirement" until/unless HB 681 fully passes as a mandate. Until then, position C2C as **engagement layer for Economics + supplemental PFL content**.
- **GSE Social Studies revision:** GSE Social Studies underwent revision in 2024-25 with new standards expected for 2025-26 implementation. **[VERIFY] all SS-prefixed codes against most recent revision PDF**.
- **CTAE codes:** Georgia CTAE uses program-specific codes (e.g., MAREN, BMA) that vary across pathway documents. Crosswalk above flags [VERIFY] for these.
- **Migrant Education population:** South Georgia agricultural counties have significant migrant populations; ensure paper-based fallback in adoption plans.
- **Georgia Milestones EOC:** GA uses EOC assessments. **No EOC** for Economics or PFL specifically; Economics had an EOC removed circa 2014. Good for C2C (no test-prep distortion).

7. Senior verdict — Georgia as a launch state

Strong fit, with timing caveat. Georgia's longstanding Economics graduation requirement + GSE explicit personal-finance K-12 + GCEE relationship + CTAE pathway = solid adoption infrastructure. HB 681 expansion is pending but Georgia is already a top-10 state for FL infrastructure even without it.

Implementation recommendation. Lead with three channels:

1. **GCEE relationship** for teacher PD anchor and statewide credibility.
2. **Gwinnett County Public Schools** (largest district, Spanish-language imperative) and **Atlanta Public Schools** (urban/equity positioning) for K-12 pilot.
3. **State Charter Schools Commission** charters for fast HS rollout.

Leverage move. Position C2C HS Grade 11-12 as **Economics course companion** (not replacement) + **CTAE Marketing & Entrepreneurship pathway** support. The "Economics" framing matches existing course titles; the "CTAE Pathway" framing unlocks CTAE budget lines.

> **RISK**
> GSE Social Studies revision in 2024-25 may shift codes; recommend a Q3 2026 re-pull of standards before publishing finalized GA crosswalk to districts. Also, HB 681 status should be monitored — if it passes as a mandate in 2026 session, C2C marketing language updates immediately.

Data freshness. As of April 2026, sourced from: - Georgia Department of Education, Georgia Standards of Excellence: https://www.georgiastandards.org/Pages/default.aspx - GaDOE Social Studies (2017 + 2024-25 revision): https://www.georgiastandards.org/Georgia-Standards/Pages/Social-Studies.aspx - GSE Mathematics: https://www.georgiastandards.org/Georgia-Standards/Pages/Math.aspx - GaDOE CTAE Pathways: https://www.gadoe.org/Curriculum-Instruction-and-Assessment/CTAE/Pages/default.aspx - Georgia Code §20-2-142 + State Board Rule 160-4-2-.48: https://www.gadoe.org/State-Board-of-Education/Pages/SBOE-Rules.aspx - HB 681 (2023): https://www.legis.ga.gov/legislation/64477 - TCSG and USG Dual Enrollment: https://gafutures.org/

[VERIFY] count for Georgia: 22 codes flagged, mostly in CTAE pathway-specific codes and the 2024-25 GSE Social Studies revision.

One promise.

Standards-rigorous. District-defensible. Georgia-specific.

Cash to Company is built so a curriculum coordinator, a district adoption committee, or a state DOE reviewer can pick up this state crosswalk and confirm alignment grade by grade, code by code.

Where alignment is genuine, we cite verbatim. Where it is interpretive, we mark [VERIFY]. Where C2C does not meet a standard, we name the gap honestly. That is the only way a crosswalk earns trust at adoption committee.

For educational and operational use. This document is informational and does not constitute legal, tax, or compliance advice. State standards alignment is cited per the relevant state DOE official publications, current as of April 2026. Districts should verify current standards editions before adoption.
