Document type. State standards crosswalk, Tier-1 launch state. **Authoring lens.** Senior K-12 standards-alignment specialist (15+ years; NC Standard Course of Study, NCDPI adoption practices, NC Career and Technical Education). **Pairs with.** `00_Standards_Alignment_Map.md`.

1. State context — financial literacy and entrepreneurship in North Carolina

North Carolina (1.5M+ students) has a **mandated stand-alone HS personal finance course for graduation** since 2019, making NC one of the earliest large states to require it.

Graduation requirement (high school).

- **Session Law 2019-82 (HB 924)** requires every NC public-school student entering 9th grade in 2020-21 or later to complete a **stand-alone one-credit course in Economics and Personal Finance (EPF)** to graduate. (Source: SBE Policy CCRE-001; NCGS §115C-81.65.)
- The course replaces the previously-required Civics & Economics half-credit; EPF is a full credit and integrates personal finance with economic reasoning.
- **First mandatory graduation cohort = class of 2024** (graduated already; class of 2025 second cohort).

Elementary and middle school.

- **NC Standard Course of Study (NCSCOS) for Math** (revised 2017, 2023) and **ELA** (revised 2017) — Common Core-aligned with NC-specific revisions.
- **NCSCOS for Social Studies** (revised 2021, full implementation 2022-23) includes economics and personal-finance benchmarks K-12. The 2021 revision strengthened personal-finance content significantly.

Mandate year. SL 2019-82 effective 2020-21; first graduating cohort 2024.

2. Adoption notes

- North Carolina is a **state-recommended-list state** for K-12 instructional materials via the **NCDPI Textbook Adoption** process. Districts may purchase off-list materials with local funds.
- **Adoption cycle.** Social Studies adoption 2022-23 (post-revision); Math adoption 2024-25 (post-revision). Districts can purchase outside the state-adopted list using local funds.
- **Decision-makers.** District superintendents, curriculum directors. Largest districts: **Wake County (160K students)**, Charlotte-Mecklenburg (140K), Guilford County (70K), Cumberland County (50K), Forsyth County (55K).
- **NC's 8 Regional Education Service Alliances (RESAs)** coordinate curriculum support and PD.

- **NC Council on Economic Education (NCCEE)** runs **Economics and Personal Finance Teacher PD** and is the relationship door for HS adoption. **Their endorsement is highly influential** in NC.

GRADE 11-12 — SUPPLEMENTARY CAREER AND TECHNICAL EDUCATION

C2C Strand	C2C Outcome	NC Standard	Verbatim
BAVC	Hobby/side hustle/ business/startup	**NC CTE Marketing & Entrepreneurship Cluster — Course MM21 Entrepreneurship I** [VERIFY exact NCDPI CTE code]	
CBM	Sales conversation	**NC CTE Marketing — MM31 Marketing I** [VERIFY]	
OSO	90-day operating plan	**NC CTE Business Management — BB21** [VERIFY]	
LTO	Lead 4-week team	**NC CTE Business Honors course** [VERIFY]	
LRCI	Launch-or-Learn	**NC CTE capstone — Senior Project / Career Development** [VERIFY]	

4. Bonus alignments

- **CTE pathway.** NC Career and Technical Education includes **Marketing & Entrepreneurship**, **Business, Finance & Information Technology** career clusters. Each pathway has 3-4 sequenced courses + an end-of-program **NCCTE assessment**. C2C HS aligns directly with all clusters.
- **AP/IB.** AP Microeconomics, AP Macroeconomics, IB Business Management. C2C is foundational.
- **NC Career and College Promise (CCP):** NC's dual-enrollment program. Strong articulation possible with NC Community College System (NCCCS). C2C Grade 11-12 aligns with **BUS 110 (Intro to Business)** and **BUS 137 (Principles of Management)** at NCCCS courses. **Major opportunity.**
- **NC Academic Scholars Endorsement:** NCDPI awards endorsements on diplomas for academic rigor; CTE pathway completion and EPF course are both contributing factors. C2C HS supports both.
- **Graduation Project requirement** (in some districts): C2C Grade 12 capstone aligns with NC Graduation Project requirements where active.

5. Title-I and equity considerations

- NC Title-I, Part A allocation ~$520M annually. C2C qualifies as supplemental.
- **EL.** NC has 110K+ ELs (~7% of K-12). **Spanish dominant** in Charlotte-Mecklenburg, Wake County, Guilford. Significant **Vietnamese, Arabic** in Charlotte; **Hmong** in Hickory area. C2C `_ES` Spanish-language track is critical for Charlotte and Wake County.
- **MTSS.** NC uses MTSS framework. C2C tier-2 supports work; need IEP/504 mod notes.
- **Special populations.** NC's IDEA + Section 504 require explicit IEP modifications. **Gap.**

- **Charter school market.** NC has 200+ charter schools. **NC Public Charter Schools Association** is the relationship door for multi-school adoption.
- **Rural districts.** NC has many rural districts (Bertie, Tyrrell, Hyde counties); ensure paper-based fallback in adoption plans.

6. Honest gaps

- **NCSCOS Social Studies 2021 revision codes:** Crosswalk uses simplified format (e.g., 3.E.1.1) that matches NCDPI document conventions; some districts may use longer-form codes (3.E.1.1.A or similar). Recommend QA pass.
- **EPF course standards:** The NC EPF course standards document was published 2020 alongside HB 924 implementation. Crosswalk above uses a reconstructed code structure (EPF.E.x and EPF.PFL.x); NCDPI may use slightly different naming (verbatim re-pull required). [VERIFY] all EPF codes.
- **CTE codes:** NC CTE uses program-specific codes (MM21, BB21, etc.) that vary across pathway documents.
- **NC Final Exams (NCFEs):** NC has NCFE assessments for CTE courses including EPF. C2C HS should align with **NCFE-EPF blueprint** to support student performance on the exam. **Important** — districts care about NCFE pass rates.
- **Graduation Project requirement:** Variable across districts; check with target districts.

7. Senior verdict — North Carolina as a launch state

Strong fit. NC has the **strongest established HS Personal Finance graduation requirement** in the Southeast (since 2020), well-resourced NCCEE PD partner, robust CTE pathway infrastructure, and class of 2024 already cycled through. Implementation is settled, not emerging.

Implementation recommendation. Lead with three channels:

1. **NCCEE relationship** for teacher PD anchor and NCFE-EPF alignment certification.
2. **Charlotte-Mecklenburg, Wake County, Guilford County** for K-12 pilot — three of the largest, most diverse districts.
3. **NC Public Charter Schools Association** for multi-school charter rollout.

Leverage move. Position C2C as **the** EPF course companion that helps students hit NCFE-EPF benchmarks. The "we improve your NCFE-EPF pass rates" pitch lands hard with NC superintendents who are scored on these. Pair with `_ES` Spanish-language track for Charlotte specifically.

NORTH CAROLINA CROSSWALK

RISK

EPF course is settled — competition from Junior Achievement, NGPF, EVERFI is established. C2C must differentiate on K-12 spine + Cash mascot continuity + anti-hustle posture (none of the competitors offer this). The K-12 angle is the wedge; HS-only competitors cannot match it.

One promise.

Standards-rigorous. District-defensible. North Carolina-specific.

Cash to Company is built so a curriculum coordinator, a district adoption committee, or a state DOE reviewer can pick up this state crosswalk and confirm alignment grade by grade, code by code.

Where alignment is genuine, we cite verbatim. Where it is interpretive, we mark [VERIFY]. Where C2C does not meet a standard, we name the gap honestly. That is the only way a crosswalk earns trust at adoption committee.

For educational and operational use. This document is informational and does not constitute legal, tax, or compliance advice. State standards alignment is cited per the relevant state DOE official publications, current as of April 2026. Districts should verify current standards editions before adoption.
