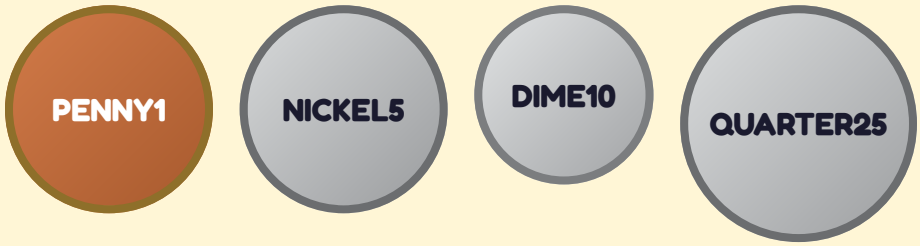
Grade 2 — Cash to Company: Marketing Pack

Year theme: Businesses solve problems **Band:** K-2 · **Audience layers:** 2nd-grader · parent · teacher · admin **Owner:** Brand & SMM (Camille)

3-line elevator pitch

"Cash to Company second grade teaches 7-year-olds that businesses exist because somebody noticed a problem. We add a Class Market, three-job teamwork, and 'fair to the customer' check. Year 3 of a continuous K-12 mascot arc — gentle, evidence-based, never tells your kid 'you can be rich.'"



CASH SAYS

What comes first? What comes next?

Parent-facing one-pager

What second grade covers

- **Problem first, then idea** — every business starts with a noticed problem.
- **Coins making a dollar** — combinations.
- **The Class Market** — 10-minute pop-up store, three roles.
- **Signs are helpers** — specific signs vs. vague signs.
- **Three jobs on a team** — taking turns at roles.
- **Fair to the customer** — what the sign says is what you get.

What you'll hear at the dinner table

- "Problem first. Then idea."
- "A sign is a tiny promise. Be specific."
- "Fair means: what the sign says is what you get."

The promise (what we won't do)

- Never asks about your family's money.
- Never tells your child anyone is guaranteed to get rich.
- Never pressures your child to start a business.

What to say when...

Your kid says	You can say
"Why don't we have a [thing]?"	"That's a grown-up question. Want to think of a business idea instead?"
"Is this fair?" (about something at home)	"Fair is what was promised. What was promised?"
"I want to start a business."	"What problem are you solving?" (Cash's prompt.)

One easy thing this month

On a walk, ask: "What's a problem you've noticed?" Don't try to solve it. Just listen.

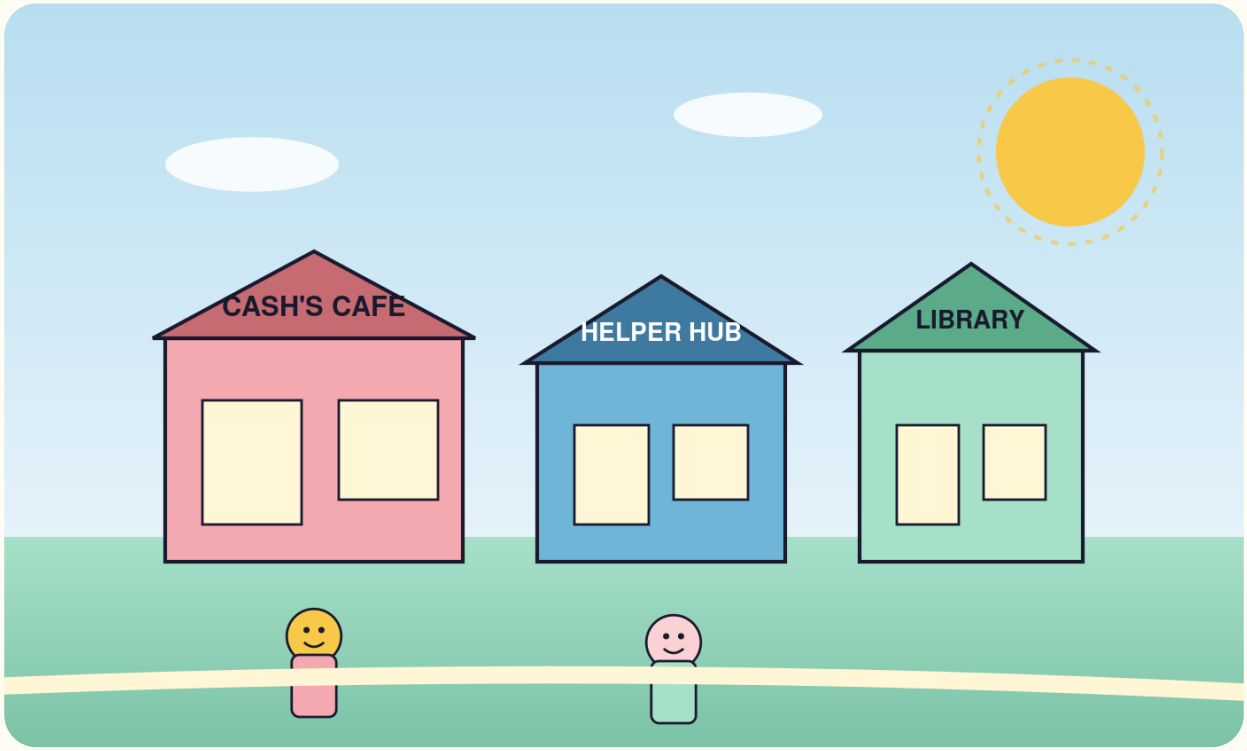
Year in 5 sentences

G2 anchors on: **businesses solve problems**. Across 36 weeks, students notice problems, make ideas from them, learn coin-combinations to $1, run a Class Market, design specific signs, and run a 3-role team. Eight 2:00–2:30 minute

Cash videos drive the spine. The Capstone is a Family Visit Day showing one problem-they-noticed, one idea-they-made, and one sign-they-wrote. Sensitivity policy: no family-money questions.



Helpers are everywhere. Each one is a kind of business.

Standards

- CCSS-Math.2.NBT.B.5/2.MD.C.8 (money math)
- CCSS-ELA.SL.2.1 (collaborative discussions)
- C3.D2.Eco.K-2.1, K-2.2 (scarcity, decisions)
- CASEL: Social Awareness, Responsible Decision-Making

Weekly rhythm

Monday Cash + Q · Wednesday Activity · Friday Showcase · Tue/Thu vocab spine.

The 8 Cash-video CTAs

1. **V1 (W1)** Class problem hunt.
2. **V2 (W8)** Problem-Idea sticky-note pairs.
3. **V3 (W11)** "Make a dollar" challenge.
4. **V4 (W16)** Class Market — 10 minutes.
5. **V5 (W20)** Make a sign for a pretend business.
6. **V6 (W24)** 3-role team task — 4 minutes.
7. **V7 (W27)** Fair Check — vote thumbs on 4 ads.
8. **V8 (W36)** Family Visit Day — 3 things to show.

What to say when...

Student says	Teacher response
"I can't think of any problems."	"What's annoying right now? That's a problem."
"We can't afford that."	"This year we don't talk about home money. We talk about pretend coins. Want to count?"

CASH SAYS

Notice, notice, notice. What did you see?

Admin pitch outline

1. **Outcomes:** every G2 student names 3 problems-and-ideas, combines coins to $1 multiple ways, designs and signs a specific business sign, runs 3 team roles, applies a 4-point Fair Check.
2. **Standards:** 2.NBT.B.5, 2.MD.C.8, ELA.SL.2.1, C3.D2.Eco K-2.1/2, CASEL.
3. **Equity:** no family-money probes; gender-neutral mascot; equity-by-design.
4. **Evidence:** Fall 2026 pre/post pilot.
5. **Differentiator:** Continuous K-12 mascot — a 13-year arc with a Capstone every year. JA is volunteer-coordinated and event-shaped; we are routine-shaped. EVERFI is sponsor-funded; we have no sponsor.

Kid-direct

1. "My second grader just told me 'PROBLEM FIRST, THEN IDEA, dad' and walked off. Cash to Company is doing things to my child." + V2 Short.
2. "Class Market reveal: a 7-year-old shopkeeper, a 7-year-old buyer, a 7-year-old restocker. Pretend coins. Real teamwork. Tag a Class Market kid." + V4 Short.
3. "Sign vs. specific sign — second grade can already spot the difference. Cash 4-eva." + V5 Short.

Parent-direct

1. "Cash to Company won't tell my second-grader he can be rich. Cash will ask him 'what problem are you solving?' That's the program."

2. "The sign on the lemonade stand at the corner just got upgraded. 'Cold lemonade $1.' My kid said 'it could be more specific. Like — for hot recess.' I love this curriculum."
3. "K-12 curriculum, one continuous mascot. Built by an actual team. Coin mascot. No hustle. Cash to Company. That's the post."

Teacher-direct

1. "Class Market = my best 10 minutes of the year. Three roles, rotate. Cash V4 sets it up. Pretend coins. Real conversations."
2. "The G2 'Fair Check' — 4 ads, thumbs up/down. My class is critical-thinking by FEBRUARY."
3. "Cash never says 'crush it.' My students never have to hear 'crush it.' That alone is worth pinning."
