Video Production Notes

C A S H

Businesses help people.

Per-script direction for animator, voice, music, captions.

Grade K — Cash to Company: Video Production Notes

For: animator, voice talent, music supervisor, captions team, vertical-cut editor.
Companion to: Grade_K_Cash_Video_Scripts.md (and the Upgrade Layer at the bottom).

CASH SAYS

Notice, notice, notice. What did you see?

Cross-script direction (apply to all 8 K videos)

- **Cash voice:** thoughtful older sibling. NEVER hyped. K voice is calm — kindergarten kids will mirror the energy on screen, and we want them calm.
- **Cash signature opener: "Notice with me."** Cash drops/rolls in, bounces once, says the line. Same in all 8 videos. (This is the Bluey-equivalent ear-worm.)
- **Signature physical move:** the Notebook Tilt — Cash slowly tilts the small clipboard toward camera before each named word. (Locks visual identity in any 2-second crop.)
- **Visual aesthetic:** hand-drawn / paper-cutout. NO 3D rendering. Warm yellow, sky blue, soft pink, mint. NO neon. NO fast cuts. NO flashing.
- **Captions:** always on, large font, K-friendly (the parents watching alongside need them).

- **Music:** sparse. Soft chime ending. NO music sting on hooks (would override the voice).
- **Length discipline:** 1:30–2:00. Resist temptation to expand. Short is the point.
- **End card:** Cash to Company logo + "Notice with me." Soft chime. 1 second.

Per-script production notes

V1 — Cash Says Hi

- **Hook strategy:** visual surprise inside 1 second — Cash drops from above, lands, bounces, blinks open eyes.
- **B-roll:** real-feeling community helpers (mail carrier, librarian, firefighter, cook).
- **Music vibe:** very sparse. One gentle introductory note when Cash lands.
- **End-card CTA:** "Tell us one helper. Just one."
- **9-sec Shorts cut:** 0:00 coin drops → "Notice with me. Helpers help. Who helped you today?" Vertical crop.

V2 — What Did the Helper Do?

- **Hook strategy:** close-up of librarian's hand picking up a book — slow motion. NO words for 1 second.
- **B-roll:** 4 helpers each doing a single clear verb (cook flips, dentist counts, guard stops, librarian gives).
- **Music vibe:** kept silent during the slow-motion hook.
- **End-card CTA:** "Watch one helper. Tell your teacher what they did."
- **9-sec Shorts cut:** librarian-hand close-up → "Notice with me. PICKED. GAVE."

V3 — The Four Coins (HIGHEST VIRAL POTENTIAL K-2)

- **Hook strategy:** four coins drop with audible CLINK. Visual surprise.

- **B-roll:** spotlight effect on each coin in turn.
- **Music vibe:** soft chimes timed to each coin name.
- **End-card CTA:** "Find a coin. Say its name out loud."
- **9-sec Shorts cut:** Four coins drop → "Penny one. Nickel five. Dime ten. Quarter twenty-five. The dime is small but it's MORE than the nickel." TITLE-AS-CAPTION: "The coin trick that confuses every 5-year-old (in a good way)."

V4 — Which Coin Is More?

- **Hook strategy:** see-saw tilts the opposite of size — visual paradox.
- **B-roll:** dot-counting overlay on each coin.
- **Music vibe:** light see-saw creak.
- **End-card CTA:** "Play 'which is more' with a grown-up."
- **9-sec Shorts cut:** see-saw paradox → "Look at the dots, not the size."

V5 — First, Next, Last

- **Hook strategy:** sandwich already on the plate; rewind feel.
- **B-roll:** sequencing in three real-life domains (sandwich, firefighter, getting dressed).
- **Music vibe:** slight "rewind" sound on the reset.
- **End-card CTA:** "Tell a grown-up what you did first today."
- **9-sec Shorts cut:** sandwich rewind → first/next/last build.

V6 — Safe Helper, Safe Job

- **Hook strategy:** worker without helmet — Cash visibly worried.
- **B-roll:** 4 helpers with their safety equipment.
- **Music vibe:** silence on the helmet hand-off (visual carries it).
- **End-card CTA:** "Find a helper. What's their safety rule?"

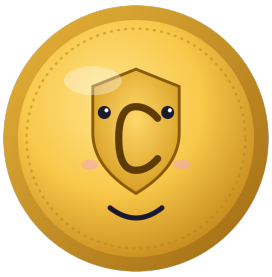
- **9-sec Shorts cut:** missing-helmet → handoff → "Safe helper, safe job."

V7 — Welcome to Cash's Cafe

- **Hook strategy:** OPEN sign flips, bell rings.
- **B-roll:** kids in aprons, role-rotation.
- **Music vibe:** soft bell on sign-flip.
- **End-card CTA:** "Visit our cafe. Try a job. Use kind words."
- **9-sec Shorts cut:** sign flip → role swap → "Take turns. Take turns. Take turns."

V8 — Tell a Grown-up What You Saw (Family Visit Day)

- **Hook strategy:** child runs to grown-up holding helper drawing.
- **B-roll:** Helpers Wall pan, Cash's Cafe corner active, family + child interaction.
- **Music vibe:** warm, slightly fuller end chord (year is closing).
- **End-card CTA:** "See you next year, friend. We'll find more helpers."
- **9-sec Shorts cut:** wall pan → child-shows-drawing → "What kindergarten taught me about business this year." (Highest parent-share potential for end-of-year.)



Notice with me.

— CASH

CASH TO COMPANY

Which people, and how do you know?

Cash is the friendly coin who helps us notice, ask, and try again. Cash will be with us all year. — Grade K
