Document type. State standards crosswalk, Tier-1 launch state. **Authoring lens.** Senior K-12 standards-alignment specialist (15+ years; New York Next Generation Learning Standards, NYS Social Studies Framework, CDOS, NYC DOE adoption practices). **Pairs with.** `00_Standards_Alignment_Map.md`.

1. State context — financial literacy and entrepreneurship in New York

New York (2.4M+ students) has **no stand-alone financial-literacy graduation requirement** — making it weaker than TX/FL/VA on mandate. However, NY has unusually strong infrastructure for entrepreneurship and career-readiness programming.

Graduation requirement (high school).

- NY requires **Economics & Finance (½ credit)** as part of the 4-unit Social Studies graduation requirement (8 NYCRR §100.5). Personal finance is embedded in Economics, not stand-alone.
- The **Career Development and Occupational Studies (CDOS) Commencement Credential** (8 NYCRR §100.6) is an alternative pathway available since 2013 — students complete 216 hours of CTE-aligned coursework + work-based learning + skills-employability profile. **CDOS is the strongest direct fit for C2C HS.**
- **Seal of Civic Readiness** (8 NYCRR §100.5(d)(8)) — NY's civic-engagement honor — accepts entrepreneurship capstones as qualifying projects.
- **No** stand-alone PFL graduation requirement, though **A1602/S2284 (2024-25 session)** would mandate it; status as of April 2026: **passed Assembly Education Committee, awaiting Senate floor**. **[VERIFY] current legislative status.**

Elementary and middle school.

- **NYS Next Generation Learning Standards for Math** (2017, full implementation 2020-21) and **ELA** (2017) are CCSS-aligned with NY-specific revisions. C2C's CCSS alignment maps over with minor changes.
- **NYS K-12 Social Studies Framework** (2014, revised 2017) is the alignment frame for HSS content. Personal-finance concepts appear at:
- Grade 4 (Local History and Government — economic systems)
- Grade 6 (World History — early civilizations and economies)
- Grade 8 (US History — industrial revolution and economy)
- Grade 12 (Participation in Government + Economics, the Enterprise System and Finance)

Mandate year. Economics requirement: long-standing (codified pre-2000); CDOS credential: 2013; Seal of Civic Readiness: 2020.

2. Adoption notes

- New York is a **fully local-adoption state** for K-12 — districts choose curriculum without a state-approved list. NYS Education Department (NYSED) publishes frameworks and guidance, not adopted texts.
- **Adoption cycle.** Driven by district replacement schedules (typically 5-7 years). Largest districts: NYC DOE (1.0M students), Buffalo, Rochester, Yonkers, Syracuse.
- **NYC DOE specifically:** NYC has **its own** curriculum review process via the Office of Curriculum, Instruction & Professional Learning (OCIPL). NYC adopted **Illustrative Math** for K-8 Math (2023) and **Wit & Wisdom** + **EL Education** for ELA. Curriculum-supplement programs like C2C are reviewed at the **Borough/Superintendent level** — Brooklyn North, Brooklyn South, Bronx, Manhattan, Queens, Staten Island.
- **Decision-makers.** NYC Chancellor's Office, district curriculum directors, principals (in NY, principals have unusual authority over curriculum choices given NY's site-based decision-making tradition).
- **NY State Council on Economic Education (NYSCEE)** is the strongest curriculum-relationship door for C2C — they run teacher PD aligned with CEE standards and influence district adoptions.

3. Per-grade alignment matrix

Codes verified against NYSED Next Generation Learning Standards (Math/ELA), NYSED K-12 Social Studies Framework, and CDOS Learning Standards. Where alignment is interpretive, marked **[VERIFY]**.

4. Bonus alignments

- **CTE pathway.** NYS-approved CTE Programs of Study include **Business and Marketing**, **Finance**, and **Hospitality and Tourism** clusters. C2C HS maps to all three. NY's CTE programs require **NOCTI** or **industry-recognized credentials** for the Technical Endorsement on the diploma.
- **CDOS Commencement Credential.** This is a major fit. Students completing CDOS earn 216 hours of work-based learning + employability skills + career plan. C2C Grades 9-12 directly support all CDOS elements.
- **Seal of Civic Readiness.** Capstone Grade 11-12 ventures with community-impact angle qualify.
- **Career and Financial Management (CFM)** — NYS-approved 1-credit course, often required for CTE program completion. C2C Grades 11-12 align tightly with CFM.
- **AP/IB.** AP Microeconomics, AP Macroeconomics. C2C is foundational, not AP-replacement.

- **Dual credit.** NY State University (SUNY) and CUNY have **College Now** programs in NYC. Articulation possible for C2C Grade 12 to **BUS 101 (Intro to Business)** at CUNY community colleges (BMCC, LaGuardia, Queensborough). **Opportunity:** pursue.
- **Smart Scholars Early College High School (ECHS):** C2C HS could anchor the Business pathway in NYS ECHS programs.

5. Title-I and equity considerations

- NY Title-I, Part A allocation ~$1.4B annually. C2C qualifies as supplemental.
- **EL/MLL.** NY uses "Multilingual Learner" (MLL); 250K+ MLLs statewide; NYC alone has 150K+ MLLs across 100+ home languages. **Spanish is dominant** in NYC. C2C `_ES` Spanish-language track is critical for NYC, Yonkers, Buffalo. **Bonus:** NY also has significant Mandarin, Bengali, Arabic, Russian populations — long-term `_ZH`, `_BN`, `_AR`, `_RU` tracks could differentiate.
- **MTSS/RtI.** NY uses Response to Intervention (RtI) with a movement toward MTSS. C2C tier-2 supports work; need explicit IEP/504 mod notes.
- **Special populations (NYC):** ICT (Integrated Co-Teaching) and 12:1:1 self-contained classes in NYC require lesson modifications. **Gap.**
- **Universal Pre-K (UPK):** NYC UPK is universal; consider a Pre-K extension to C2C K to capture this market.

6. Honest gaps

- **No PFL graduation mandate (yet):** Without a mandate, C2C must compete on quality and fit, not compliance. Pitch must lead with engagement, mascot continuity, and CDOS/Seal of Civic Readiness fit — not "we satisfy your graduation requirement."
- **NYS Social Studies Framework:** Personal-finance content is sparse K-8 vs. TX/FL. C2C is supplemental K-8 in NY, not primary curriculum.
- **NYC's Illustrative Math + Wit & Wisdom + EL Education adoption:** C2C should NOT compete with these for the K-8 ELA/Math slot. C2C is a CTE/Social Studies enrichment, period.
- **CDOS implementation:** CDOS is well-codified at state level but variable across districts. C2C alignment to CDOS Standards 1, 2, 3a, 3b is strong on paper; **principals and CTE directors are the actual gatekeepers** — not curriculum adoption committees.
- **NY State Regents Exams:** No Regents exam in PFL or Entrepreneurship. NY students are not assessed on this content statewide. This is **good** for C2C (no test-prep pressure to deviate from curriculum) but limits the "prep for the test" sales angle.

7. Senior verdict — New York as a launch state

Mid-tier fit for compliance; high-tier fit for prestige and reach. No mandate but NY is the cultural/financial epicenter of the U.S. — winning NYC DOE puts C2C on the map.

Implementation recommendation. Lead with **NYC DOE — Office of Postsecondary Readiness** for the **CDOS** + CTE pathway, NOT through the standard curriculum-adoption door. Pair with **Buffalo Public Schools** and **Rochester City Schools** (both have strong CTE programs, both have urban-equity grants).

Leverage move. Position C2C as the **Career Development engagement layer** that helps CDOS and CTE programs deliver. Partner with **NYS Council on Economic Education (NYSCEE)** for teacher PD — this is the highest-ROI relationship in the state.

> **RISK**
>
> NY adoption is slow, principals are busy, NYC DOE has a multi-year vendor approval cycle. Plan **18-24 months** to first scaled NYC pilot. Consider charter-school networks (Success Academy, Achievement First, Uncommon Schools) as **fast-pilot** alternatives — they adopt outside NYC DOE.

One promise.

Standards-rigorous. District-defensible. New York-specific.

Cash to Company is built so a curriculum coordinator, a district adoption committee, or a state DOE reviewer can pick up this state crosswalk and confirm alignment grade by grade, code by code.

Where alignment is genuine, we cite verbatim. Where it is interpretive, we mark [VERIFY]. Where C2C does not meet a standard, we name the gap honestly. That is the only way a crosswalk earns trust at adoption committee.

For educational and operational use. This document is informational and does not constitute legal, tax, or compliance advice. State standards alignment is cited per the relevant state DOE official publications, current as of April 2026. Districts should verify current standards editions before adoption.
